

# Case Study

Project: Farnham & Horton Grange Primary School  
Main Contractor: Brenville Construction Ltd  
Completed: August 2009

The project requirement was to provide a mixture of community rooms, additional classrooms and school dining facilities. Due to the building construction a floor supported system was the only solution.

Programme constraints meant that there was only ten working days from survey to installation.

Specification:

5 sets of Type M80 folding partitions  
comprising 49 no panels  
40 dB sound rating  
Bottom supported  
Ivory & Ash Melamine  
3 No 350mm sq vision panels to doors
