

Case Study

Client: Manzil Banqueting, Manchester
Project: New Restaurant & Banqueting Hall
Completed: May 2010

The main contract brief was to refurbish an existing unit into a Restaurant and Banqueting Hall.

As part of the scheme, 3 No movable walls were required plus a 21 m wide bottom supported folding partition. Normally top supported walls would be utilised in this application, but Multispace Systems were the only company willing to offer a solution.

Specification:

3 sets of Type 85C Movable Walls comprising 16 no panels
1 set of M80 Multifold comprising 24 no panels
Finish included walnut veneer skirtings and one wall with horizontal grained walnut veneer
