

Case Study

Project: St Johns Church Carrington
Main Contractor: Paul Mendham Stonemasons Ltd
Completed: June 2009

The main project was to refurbish the church this provided a requirement of 3 No. folding partitions which would be used to provide ancillary meeting rooms.

We inserted the floor track flush with the existing stone floor. The bottom edge of the partition was supplied with a brush strip

Specification:

3 sets of Type M80 folding partitions
Rw 39 dB sound rating
Bottom supported
Ivory Melamine
